Liberal Candidate Working On Local Problems

Balmain-Rozelle electors, who are now included in the new Federal electorate of "Sydney" following the recent reorganisation, will be told by the Liberal Party candidate at the next elections that he and the local branch of his party are closely identified with district problems.

The candidate is Mr. Graham Robertson, President of the Broadway Branch of The Liberal Party of Australia.

Mr. Robertson (pictured) is aged 34, married, with a 10-year-old son, and is licensee of the Lansdowne Hotel, City Road, Broadway.

He has already made himself well known in politics. He is particularly interested in the local scene, with an eye to political action which could be taken in a number of problems of special local significance.

These include the following:

- Control over erection of new buildings at the new container terminal being built at Mort Bay by the Australian National Line.

- Renewal of the bridge at the Federal Road crossing.

- Provision of playing areas in schools where there is a growing lack of space.

- Closer attention to housing problems.

- The acclimatising of new arrivals from overseas countries, and directing their services into channels where they are of most use to the community.

- Educational and health problems.

- Increase in amenities for Senior Citizens.

Mort Bay

Lack of information as to the Australian National Line's building plans at the new Mort Bay container terminal site is worrying Mr. Robertson.

He has written to both the A.N.L. and Leichhardt Council seeking information.

In his letter to the Council he asked whether A.N.L. had submitted plans, drawings or other requests for the erection of new buildings other than for an office block.

He also drew attention to the decision of the Commissioner who heard on behalf of the State Planning Authority the case regarding the erection of a steel terminal at Mort Bay.

He understood that the Commissioner, when refusing the application, had given permission to erect ancillary buildings for the housing of containers etc.

He expressed the hope that the present site could be used to approach and leave the terminal

were suitable for the traffic and tonnage likely to be used.

However, he thought it would be necessary to convert some of the streets to one-way traffic and possibly disallow some parking.

Mr. Robertson asked Council whether any action had been taken in regard to those matters.

Mr. Robertson has offered the Greek community of Sydney assistance in acclimatising new arrivals from overseas, especially in regard to employment and housing.

He has written to the officer in charge of the Greek Trade and Information Centre in Sydney offering use of the facilities of the Broadway Branch of the Liberal Party in such matters.

He said that recently, the issue had been raised that New Australians appeared to be neglected by the local authorities after arrival in Sydney.

Newcomers

This might be the result of lack of liaison between Government and local organisations.

There had been a big change in electoral boundaries in this State, and it was noticed that quite a number of Greek national organisations were included in the new Sydney electorate.

There were nine such organisations and community centres, plus cathedrals, in the area.

Mr. Robertson said he appreciated that the new arrivals had their Consul and their own national organisations to look after them but

instances where the Liberal Party organisation could assist them.

The offer has been accepted with gratitude.

Mr. Robertson also advises that at a recent conference of the Sydney electorate of the Party it was decided to support the Credit Union movement in its protest against the N.S.W. turnover tax.

Conference felt that since this was a co-operative movement it should be excluded from the necessity to pay tax.

Defence Of Riverside

Faith in the academic and moral standards of Riverside Girls' High School has been expressed by the Principal, Miss Mary Robbins, supported by the Ladies' Auxiliary of the Parents & Citizens' Association.

They were answering the allegation made in Court by Mrs. Catherine Morris, of Grafton Street, Balmain, that the school had a bad reputation.

Miss Robbins said that the academic standards of Riverside compared very favourably with those of similar high schools throughout the State.

Of 37 girls who sat for the High School Certificate in 1968, at least 21 were known to be pursuing their studies at tertiary level in universities or teachers' colleges.

Unfounded

"The statements made concerning the moral standards of the girls are ridiculous and unfounded," said Miss Robbins. "In fact, the moral calibre of the girls is reflected in their splendid

record in social services in the community.

"The school is well known for its staunch support of the Red Cross Society, its interest in the Rosebank Old People's Home and its participation in the Duke of Edinburgh's award scheme in connection with which a number of girls are at present working for their silver award.

"Throughout this whole unpleasant incident the girls have behaved with restraint and dignity and have displayed a maturity that is most gratifying."

Miss Robbins added: "During 1967 and 1968 I was Deputy Principal of Riverside, and when, at the end of last year, I was due for promotion to the position of principal, I was offered a choice of several schools.

Continued on Page 2

Column NINE

PARENT POWER

With some urgency we draw attention to the views published in this issue from the Federation of Parents and Citizens' Associations of N.S.W., urging the use of "Parent Power" and more active "Parent Participation" in the field of child education.

Recently we reported the disappointment of Balmain Public School P. & C. Association at the low number of parents attending its meetings and of the mediocre success of fund-raising functions.

Pupils at this primary school exceed 200, yet attendance of parents at P. & C. meetings averaged only nine.

All we can say is: Thank God for the enthusiasm of the nine!

It's not easy to recruit keen workers in this field. But when you have them, don't kill their enthusiasm by indifference.

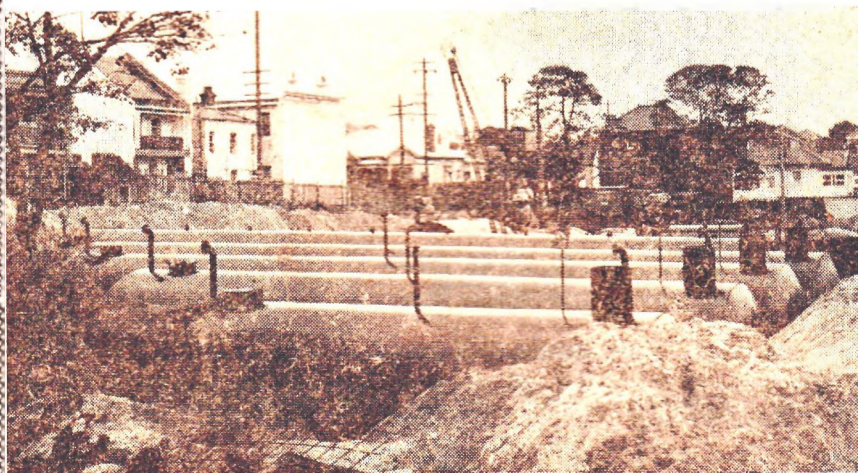

No sourer note could be produced than that of empty chairs at meetings. Go along, even if you're not one to air your views readily. You support the movement (aimed at helping your kiddies) by your very presence.

Compare this display of parental indifference with the attendance of 45 at the initial meeting of Riverside Girls' High School P. & C., which body has started brightly, making its voice heard against some bad conditions at the school.

The P. & C. movement is essential, as the educational system does not handle all purely local problems.

We want to tell the community of the efforts of Balmain and Rozelle parents on behalf of their children. To do that, Balmain parents at least must pull up their socks and stop letting their children down.

"ATMOSPHERE" OF MODERN BALMAIN

Another glimpse of the changing face of Balmain: The current scene at the chemical tank "farm" next door to the container terminal, in Vincent Street near the intersection of Donnelly Street. This is a "still" from the film

"Balmain", being screened at Balmain Town Hall tonight.

The film was financed and made by residents of this suburb to give the "atmosphere" of the district as it has been affected by the foreshore industrialisation.

RIVERSIDE

Continued from Page 1

"I chose Riverside because I am proud of my girls and proud of my school."

Auxiliary

Mrs. V. J. Drayton, Publicity Officer of Riverside Parents & Citizens' Association and its Ladies' Auxiliary, said that members of the Auxiliary supported the statements already issued by the Principal, staff, students and P. & C.

Association on the criticism of the school's standards.

She said she believed the attack on the school's reputation had been the result of hearsay, unsupported by reliable evidence.

"As a result," she said, "a student is being denied the right to enjoy attending the school, which has been said to be better situated than any other in the metropolitan area."

"At Riverside, every student is given equal opportunity to graduate into whatever occupation her abilities would lead her.

"Had inquiries by the complainant been made in a different way — had they been made from an adult source — information would have proved that the school is, and has been for many years, under strict supervision, both morally and educationally.

"The previous two headmistresses and our present principal, Miss Robbins, belong to the category of dedicated administrators and are persons of sterling character and high principles.

"As mothers working voluntarily for the school, alongside teachers and students, we are both happy and proud to know that our daughters are being taught and guided by the people who represent the staff of Riverside.

Keep floors clean and free of grease, but do not have them polished to the point that they are slippery.

IS SPARE TYRE O.K.?

Are you breaking the law if your spare tyre is not serviceable?

The N.R.M.A. legal section says that the law does not specifically mention "spare tyres", but refers only to tyres "fitted" to a motor vehicle.

Each tyre must "be free from any apparent defect likely to render unsafe the use of the vehicle or likely to cause or result in injury to any person or damage to any goods in or upon the vehicle and shall have a clearly visible tread pattern on all parts of it which normally come into contact with the road surface."

From this the N.R.M.A. advises that unserviceable "spares" should not be carried in their cars, as such tyres would be illegal if they had to be used, even in an emergency.

BETTER RECORDS FACILITIES FOR HOSPITAL

Balmain and District Hospital will have in use within a week or two its new medical records room with special facilities for the making of patients' records by the medical staff.

Provision of these facilities has involved building extensions costing \$12,000. The work will raise the standard of the hospital into current world rating in this respect.

Mr K. R. J. Boylan, Chief Executive Officer, says that the work will end the frustration and inconvenience experienced by the staff in handling patients' records, which have been scattered throughout the hospital in five separate storage areas.

Often a patient's record is required urgently, this has sometimes been impossible to achieve because of the conditions.

The new room will permit all records to be located in the one spot. It will be possible to house 15 years' records

there, representing roughly 100,000 individual histories.

The staff is now in the process of transferring 36,000 medical histories to the new room. This will be completed in about a week's time, and the room will become functional before the end of this month.

In addition to storage of records, the building extensions are providing for the installation of a special reporting table for the use of medical men at the institution.

It contains a series of bays where doctors will be able to compile their records. The bays contain outlets into which tape recorders may be plugged, allowing the

doctors to dictate their reports.

Later the tapes will be collected by a medical typist, who will type out the reports and place them in pigeon holes for checking and signing by the doctors at their convenience.

The table is now ready for use, but will not be set up until the rest of the room is available.

KNITTERS

When thinking of knitting wools, try Goldsmith's first. Their wool range is fabulous, and their wool bank is easy and convenient for the keen knitter.*

ROOSTERS NO MATCH FOR TIGERS

In a one-sided game at Sydney Sports Ground last Sunday Balmain's Tigers ran out easy winners over East's Roosters — to the tune of 24-10.

Highlights of the game were big George Ruebner's two great tries, one of which he scored from an intercept, skirting the touch line in a 70-yard dash.

His second try was equally impressive, as after breaking the defence and kicking over the heads of the cover defence he brilliantly re-gathered and outpaced the defence to score wide out.

George also was the architect in Gary Leo's try, when, after racing down the touch line and being cornered by the cover defence, he elected to kick infield. He was rewarded by the ever-alert Gary Leo, who pounced on the loose ball to score near the posts.

Big George didn't look like having a good day early in the game, but he certainly came good as he warmed up.

Support

Gary Leo, Barry McTaggart and John Crawford were all responsible for stout-hearted performances, and were ably supported by the in-form Jacky Spencer, Alan Fitzgibbon and our great cover defender, Peter Provan.

Keith Outten had one of his best games this season, and gave the back line good service from the scrum base.

Keith's tackling was deadly all day, and he received good support from newly-promoted five-eighth Kevin Bowrey, who, although lacking the brilliance of top-class five eighths, gave a solid performance in both attack and defence.

Young Terry Parker produced a sparkling effort, and showed he is gradually gaining the experience to make a top-class centre.

His partner, Olaf Pratl, had a quiet game and appeared to have trouble holding the ball. He seemed to be running on to the ball too fast and was having it jolted from his grasp when stopped.

Bob Smithies gave another polished display at full-back and made some great runs from his own line. He did lapse in concentration at one stage, but it's only natural for a young player in his position to suffer occasional lapses.

Our goal-kicking winger Len Killeen continued on his merry way with another bagful of points—15, from one try and six goals. This could well be Len's year to carry off the top point-scoring competition, as already in three games he has amassed the very impressive total of 37.

Reserves

Our reserve grade side can consider themselves very unlucky not to have beaten Easts. Numerous opportunities were missed narrowly, and although they have yet to record a win, I feel they have the talent to give the semis a shake.

Third grade recorded another win and are sitting on top of the ladder. Alan Mason, their coach, apparently has his boys geared for another premiership. They must certainly be rated highly at this stage.

TIGERS' CORNER

By "Black Eye"

Award

Bennett's Electrical Best and Fairest awards were decided as follows:

Firsts: 3, K. Outten; 2, G. Ruebner; 1, J. Crawford.

Reserves: 3, J. Walsh; 2, K. McFarlane; 1, G. Fryer.

Thirds: 3, G. Barnes; 2, P. Fardell; 1, S. Stanton.

Progress points at this stage are:

Firsts: J. Spencer 6, G. Leo 3, K. Outten 3, G. Ruebner 2, P. Provan 2.

Reserves: J. Walsh 6, K. McFarlane 2, R. Leis 2, G. Barnes 2.

Thirds: M. Ross 5, A. Fogg 3, G. Barnes 3, V. Querin 2, P. Fardell 2, S. Stanton 1, G. Corfield 1, P. Boulton 1.

Next weekend we hope to redeem ourselves against Penrith, who you may recall put us out of last season's semis with a last-minute win at Penrith Park.

Artie Beetson should be back in a couple of weeks, which will be good news for Tiger supporters.

R.S.L. NEWS

The Club's Anzac Day March and commemoration dinner last Sunday proved most successful.

The march was the biggest since 1947, there being well over 200 marchers. The Women's Auxiliary contingent totalled about 20, and about 100 of the soccer players took part.

There were two bands — Manly-Warringah Pipe Band and Gladesville R.S.L. Boys' Pipe Band. Ex-servicemen who were unable to march were driven in cars behind the marchers.

Brigadier Cross, of the Salvation Army, gave a very good address in Gladstone Park.

At the commemoration dinner in the club, visitors included Messrs. Bill O'Connor, M.H.R., and Roger Degen, M.L.A., the Mayor of Leichhardt (Ald. Les Rodwell), Town Clerk (Mr. Ted Bassett), two representatives from Newtown R.S.L., two from Belfields R.S.L., three from Blacktown R.S.L., one from Homebush-Strathfield R.S.L., and three from Gladesville R.S.L.

The caterer, Mr. Bert Griffiths, did a marvellous job. And of course there was the same cry: When is the next one?

Sorry to report that two full members passed away last week—Norm. Flynn and Vic. Henry. To their families the club and sub-branch offer deepest sympathy.

WAL'S "ACE"

Well-known Balmain menswear specialist, Wal Dickson, fulfilled the true golfer's lifelong ambition last week: a hole in one.

He did it at the fifth hole at Asquith—130 yards—with a 7-iron.

CLASSIFIED ADVERTISING

Positions Vacant

Women and Girls SENIOR CLERK STOCK CONTROL

Applications are invited from Women in the 25 to 40 age group for this full-time position. The work will involve the recording of all stock transactions, including stock receipts from our factory, local purchases, posting of all invoiced goods and stock transfers to subsidiaries and other branches.

After a reasonable period in which to accustom herself with our "roncodex" cabinets and our range of stock, the successful applicant will then be expected to gradually take over the duties of factory re-ordering, as well as the preparation of the normal returns usual to such a position for the sales department. Previous experience in this class of work would therefore be essential.

A knowledge of typing, while not essential, would be preferable.

Hours. 8.30 a.m. to 4.30 p.m. Monday to Friday. Apply for appointment by phoning 660-4122.

**KINNEARS ROPES
(AUST.) LIMITED**
16-30 Bunn St., Pyrmont
(Near Pyrmont Bridge)

Women and Girls

CREDITORS/CLERK

"PARENT POWER" IN EDUCATION

The part that parents of school-children can take to improve the educational system is stressed by the Federation of Parents and Citizens' Associations of N.S.W.

In its current issue of its official journal, "Parent and Citizen", the

Federation says that it has been obvious over the past two decades that as a nation Australia is not spending enough of its financial resources on basic education.

"The only way this position can be improved", the Federation says, "is by the use of 'Parent Power' and more active 'Parent Participation'."

"Many parents shy from P. and C. meetings, and from any kind of parent participation in

what is going on in the school their child attends.

"Little do they know that a little more interest and activity on their part would increase the 'Parent Power' and this would induce the Federal and State Parliamentarians to provide the funds so urgently needed for education in our State schools."

The Federation says that if every parent of every school wrote to their Federal member and to the Prime Minister, demanding a fair deal for State Education by the provision of additional finance for State Governments to spend on their education service, they would really see just what "Parent Power and Parent Participation" would yield.

P. & C. Associations should consider this proposal and endeavour to have all parents at their school act in this way.

REAL ESTATE FIRM'S NAME IS CHANGED

Well-known Balmain real estate agent, Mr. Bruce Shaw, is now trading under his own name. His firm is now known as Bruce Shaw Real Estate.

Shortly he will be moving into new premises at 405 Darling Street, two doors from his present address. Renovations of the new premises are in progress.

Mr. Shaw said that when he purchased the business he had the right to use the name of Jack Zuber for 18 months—which period had now expired.
