# COUNCIL TO RECEIVE NEW GRANT

Balmain and Rozelle should benefit from a system of special grants to municipalities from the newly-created Local Government Assistance Fund.

An amount of \$14,800 has been allocated to Leichhardt Council for the current financial year. It is expected that a further distribution will be made later in the year from funds which will be made available for 1969-70.

The grant is being made under legislation amending the Local Government Act to provide for the constitution of a Local Government Grants Commission and to create a Local Government Assistance Fund.

This fund consists of at least \$4 million annually, to be provided by the State Government, and operates as from January 1 last.

According to the legislation, the Council may expend the money allotted to it on any works or services financed by the Council's general fund or from special funds, other than for water supply and sewerage.

Council is required to submit to the Grants Commission for approval a programme of works and services on which the proposed grant will be spent.

In addition, considera-

tion will be given by the Commission to any special claims by Councils which are in a position to demonstrate to the Commission's satisfaction that additional assistance is warranted for works or services of an urgent nature.

In making its decision, the Commission intends that they should be spent on the widest possible range of works and services.

Leichhardt Council has asked the municipal engineer to submit a list of works which he feels could be performed under the grant.

### Oval

No doubt the works decided on will be divided between the various wards of the municipality, so that even though the overall figure be only small, Balmain and Rozelle wards should receive something tangible.

Ald. N. Origlass (Balmain ward) considers that the work needing greatest attention in Balmain at the moment, apart from shoppers' parking areas, is attention to Birchgrove oval.

This was the subject of many complaints, he said. The playing area was deplorably uneven

and bumpy, resulting in many accidents. The dressing sheds were also in a deplorable condition.

Thousands of people used the playing area—school children during the week, junior footballers, tennis players and cricketers in summer.

The ground needed complete regrading and regrassing.

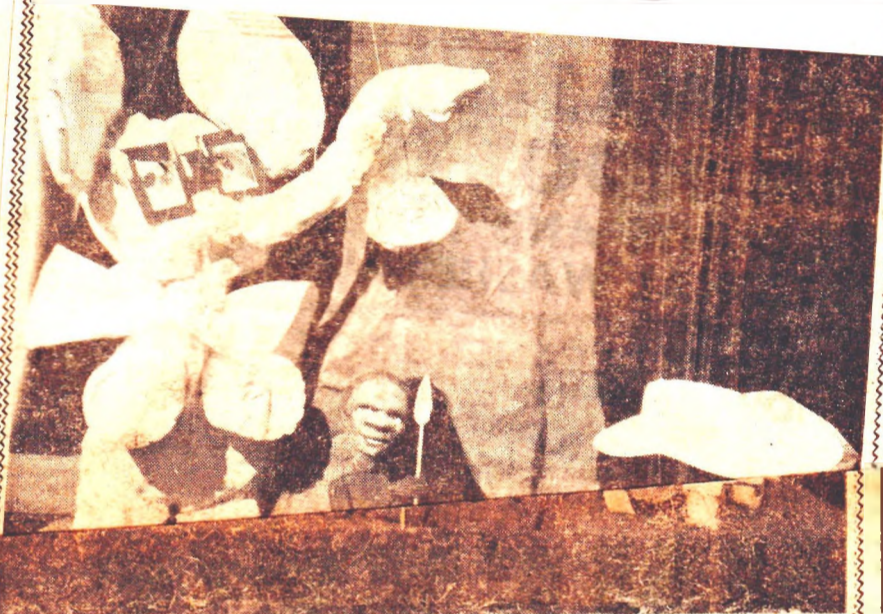

The Council engineer, said Ald. Origlass, had previously estimated that the work would require expenditure of \$16,750, and the proposition had been on the Council's agenda for some years.

On a longer-range plan, there was need for reconstruction of Darling Street in the East End shopping centre, where the road surface was breaking up because of the clayey foundation.

He thought that works of that nature would be suitable ones for attention as Balmain's share of the special grant to Council.

As for the additional assistance for works of a special nature, mentioned by the Grants Commission, he thought

## Creation Of World In Pidgin English

A unique event will occur in Balmain Methodist Church next Sunday, June 1, at 7.15 p.m. Aboriginal marionettes will reenact the story of the creation while discussing the event in pidgin English.

This form of workshop will be presented by the Australian Christian Theatre of Marionettes.

The theatre performed at the 1968 Adelaide Festival of Arts along with other representatives from all Australian States,

a singular honour in view of the fact that it had been operating for only six months prior to the festival.

The theatre is under the direction of Mr. Dale Woodward, commercial artist and an accountant for one of Australia's largest finance companies.

Mr. Woodward is aided in manipulating the marionettes by his wife, Helen, and in the writing of scripts by Miss Shirley Smith.

Our picture shows the type of marionette, which will appear in

the display. The little fellow in the middle of the group is Adam, as our native Australians would view him. This puppet will be used in the show.

The other two figures are puppets used in other shows. On the left is a large elephant (pink — he forgets) and on the right is Clara, an old-fashioned car.

## CLEAN AIR IS AIM OF SOCIETY

that justification could be made out by the Council for a special grant to reconstruct Federal Road Bridge.

The bridge was now closed because it had been condemned as dangerous.

The actual cost of a new 40 ft. wide bridge was estimated at \$60,000, although to that cost had to be added \$92,500

for approach roads, including alteration of public services.

"If other authorities are not going to show any interest in this," Ald. Origlass added, "a big improvement would be effected by repairing the bridge or reconstructing it, without going into the question of approach roads."

Leichhardt Council's Municipal Health Officer and Building Inspector, Mr. R. S. Williams, was an active participant in last week's Clean Air Conference in Sydney.

Mr. Williams, who has done valuable pioneering work in this field, is a member of the committee of the N.S.W. branch of the Clean Air Society of Australia and New Zealand.

He took the chair at one session of the conference.

The branch proposes to hold a public meeting in Leichhardt later in the year to arouse the interest of the public in this vital matter.

## Column NINE

### CARE OF THE AGED

Except as observers of a sorry spectacle of Local Government Party politics, we are not in a position to judge the issues of the Glebe Old Men's Home.

Leichhardt Council appears anxious to get rid of the responsibility thrust into its lap when Glebe was lopped from the City Council area and a decision is made, resulting in their comfort and peace of mind, the happier everybody will be.

However, should all considerations permit, it appears to us that a solution of the problem of greatest value to the community would be conversion of the home into a true geriatric service institution.

Since Balmain and Rozelle possess proportionately more aged persons than any other district in N.S.W. (except Gosford), this and neighbouring areas have a particular need for such a service.

Balmain and District Hospital has told Leichhardt Council it would like to take over the home and introduce a special service for medical care of the aged.

This accompanies Callan Park Psychiatric Hospital's plans to introduce such a service for its patients very shortly.

Balmain Hospital's offer warrants immediate, close and sympathetic consideration by Leichhardt Council, the Minister for Local Government and the Hospitals Commission (which should generously loosen its purse strings should the idea be endorsed).

We like an idea which helps to restore sick old people to happy health and which brings dignity to the process of growing old.

## SCHOOLBOYS' N.Z. FOOTBALL TOUR

The Combined High Schools' Mid-west Metropolitan Zone's football tour of New Zealand's Bay of Plenty Province was highly successful and happy.

Among the 35-strong team of Rugby and Soccer players were five boys from Ibrox Park Boys' High and two from Rozelle Junior Boys' High School.

Tour manager, Mr. F. Degen (Ashfield Boys' High School) said the

tour ran like clockwork. The high standard of football played by the zone's teams gained favourable comment from officials and was greatly appreciated by the large watching crowds.

The zone's Rugby team won all four matches, including one over Tauranga Boys' College, which was its first loss for three years.

After its initial defeat by Tauranga, the zone's Soccer team was unbeaten.

The Ibrox Park Rugby players were Ken Cole, Wayne Stapleton and Les Mara, and the Soccer players John Russell and Harry Costa.

In the few weeks prior to departure there was feverish fund-raising activity at Ibrox Park, the boys conducting a film afternoon, competition and a Train-a-Thon at Leichhardt Oval. They were greatly assisted by sporting clubs in the area and many businesses.

The hospitality accorded to the boys and managers in all centres was tremendous. The Maori "Hangi" (feast) after the Rotorua game was notable.

# Priority For Parking

With the availability of some additional funds in sight, "The Link" promptly puts in an "order" for what it considers the outstanding requirement of this area — free Council parking stations for shoppers in the business centres.

We have suggested that an idea worth investigating is conversion of the seldom-used foot-path fronting Gladstone Park in Booth Street, Balmain (near Balmain Hospital), into an angle-parking zone.

While this would not provide room for many vehicles, the help to shoppers would still be valuable.

Business is reported to be stagnating on the Balmain peninsula in areas where parking for shoppers is difficult. Early attention to this would be of major importance to the econ-

omic health of the two suburbs, and to resident shoppers.

Replying to the impatience expressed in last week's Column Nine on lack of results in this matter, the Mayor, Ald. L. Rodwell, has assured us that the Council is not asleep in regard to providing parking areas.

"We definitely are working on the matter," he said. "It is only a case of deciding where and how—and, of course, of finance."

"There is a strong influence in the direction of ensuring that Balmain will secure the

Council's first station. It is possible that this will occur, because the area is more easily accessible, and because of the availability of certain properties.

"The Link" accepts his assurance that action is in sight, while still impatiently looking for results.

Meanwhile, since some unexpected finance is available, we strongly urge that provision of a parking area for Balmain be put at the head of the list of works recommended by Council to the Grants Commission.

## Libraries Burden On Ratepayers

Ratepayers are being called on to pay an unfair share of the burden of providing municipal libraries, according to the Deputy Leader of the State Labor Party, Mr. S. D. Einfeld.

Mr. Einfeld commented on a reply he has received from the Premier, Mr. Askin, rejecting a request by Waverley Municipal Council for an increased library subsidy from the State Government.

Mr. Einfeld said Mr. Askin had promised in his 1968 policy speech to increase the subsidy, and to institute a subsidy on capital expenditure involved in the development of regional library projects.

Nothing had been done, and many Councils were facing increasing financial difficulties to maintain the service. This had resulted in rate increases being

shouldered by ratepayers.

Mr. Einfeld said that under the library subsidy scheme introduced by a Labor Government it was originally intended that the State Government should meet half the cost of operating Council libraries.

Latest figures showed that the present Government was now providing less than 25 per cent of the cost.

Mr. Einfeld said he believed the position faced by Waverley Council would be typical of many Councils throughout the State.

It was spending \$2 per head of population on library services, and recently spent \$400,000 on the purchase of property and equipment for a library.

## BOYS' CLUB

Balmain Police-Citizens Boys' Club's Black Belt judo instructor, Mr. H. Webster, has increased his classes to three nights weekly — Monday, Tuesday and Thursday, at 7 p.m.

Judo grading last week saw Tony Profilio, Billy Gow and John Loughlin promoted to Orange Belt.

An electronics hobbies class is held on Wednesday class will shortly commence a short course in electronics, which will help boys wishing to follow such a career.

A chocolate wheel will be conducted by the club at the corner of Darling and National Streets, Rozelle, next Saturday morning.

Club wrestlers competed in the inter-club tournament at Sutherland last Sunday. Robert Forster won his division; Peter Broderick, Mark Burns and Jim Kilgour were each placed fourth in their respective divisions; and John Burns was fifth in his.

Last week's Rugby League results were: C Grade, v. Denistone, 6-7; D Reserve, v. Addison Royals, 15-6; E, v. Ermington-Rydalmere, 75-0; F, v. Ermington-Rydalmere, 18-2 (team undefeated); G, v. North Ryde No. 3, 40-0 (retains undefeated lead in competition).

In Soccer the Under 16 won 7-1 and Under 14 lost 0-9.

# LAST-MINUTE WIN OVER PARRAMATTA

After a very close and hard-fought game at Leichhardt Oval last Sunday, Balmain confirmed their lead in the premiership with a last-minute win over Parramatta by 17 points to 15.

In the very last minute of play Len Killeen lined up ball for a kick at goal following an offside breach by Parramatta's forwards. As the bell rang, Killeen sent the ball soaring high and straight for the winning margin.

The game was the usual hard slugging affair we've become accustomed to when meeting Parramatta, but was strangely clean. I can't remember any player from either side being cautioned for rough play.

Parramatta's forwards gave Balmain no rest. They kept running and backing up all day and must be rated one of the toughest packs in Sydney football.

With Parramatta winning more than their share of the ball, Balmain appeared to be causing it most of the time, and their win is a tribute to their fighting ability and team spirit.

Another highlight feature of the game was the unfortunate loss through injury of Harold Browne and Dave Bell. Injuries of Jack Spencer and Alan Fitzgibbon.

Reserve graders Greg Fryer and Terry Parker were brought up fairly early after a hard game in the reserves, and both gave solid support throughout.

Keith Outten had one of his best games this season, highlighted by a great try late in the second half, made from the scrum base after some clever footwork.

Possibly his tackling was the conspicuous part of the game. He was everywhere, and brought off some glorious tackles.

and constantly probed for openings.

Bob Smithies gave a more polished display than in recent weeks, and linked up with the back line on numerous occasions in an effort to get the overlap. His defence still leaves much to be desired, yet shows gradual improvement.

Some crushing tackles were handed out by Barry McTaggart, and I'm sure there'll be some sore forwards up "Parra" way for a few days.

Another to tackle well was Gary Leo, who supported McTaggart well up front.

Peter Provan, Olaf Prattl and Jack Spencer all had solid games for the full 80 minutes. Prattl was switched to five-eighth when David Bolton went off with a back injury, and once again showed that his future is in the forwards. However, he will have to learn to pass the ball to his supports better.

## TIGERS' CORNER

By  
"Black Eye"

Harold Browne must be one of Sydney's unluckiest footballers, as once again he has "done in" a shoulder. It's most unfortunate both for himself and his team, as he was having one of his best seasons. Let's hope he won't be out for long.

Alan Fitzgibbon had a good game, especially in defence, and Terry Parker showed some of his real ability in scoring a great try and playing solidly throughout.

Len Killeen and Sid Williams didn't have many opportunities, but both ran and tackled strongly.

### Reserves

Congratulations to the reserve grade on a wonderful recovery to beat Parramatta's reserves 18-15, after being down 5-15 at one stage.

Johnny McCarthy's unerring boot had a lot to do with the win. He's having a very good season.

Third grade also had a good win, 10-6, and are keeping their spot high in the premiership race.

Next Saturday we come up against an inferior St. George. It promises to be a very

hard game. Providing we can get a fair share of the ball, I see no reason why we shouldn't maintain our winning run and remain on top of the ladder.

During a visit to Toukley R.S.L. last week-end it was noticed that Dave O'Rourke snr. was enjoying the last two days of a seven weeks' holiday. He will be in the club next Friday night for his game of euchre.

In the club on Sunday were Rose Beale (Murphy) and Stan, celebrating their 32nd anniversary, and Mr. and Mrs. Johnny Locke, celebrating their 12th anniversary.

Sad news with the passing away of Harry Bignell, at the age of 53. Harry, I believe, had lived in or around Balmain for the past 20 years. He had many friends who will mourn his passing; he made a gallant fight.

The knock-out euchre tournament on Friday night was won by Brian (Nobby) Clarke and Tom Fittler jnr., from George Frankham and Mary Flynn.

This week there will be no cash prizes for the euchre, but very nice gifts.

## Library Week Will Remind Aldermen Of Their Promise

The second national Australian Library Week, to be held from May 30 to June 7, holds special interest for Balmain-Rozelle.

It is an opportunity for library-minded citizens to remind their municipal representatives that six months of their first year of office have elapsed without the slightest indication of action to implement one of their major election promises.

This was to start a municipal library system in this municipality.

Aims of Australian Library Week include assistance for the development of libraries throughout N.S.W. by drawing public attention to their place and importance in national life. The Week will be

The Monte Carlo on Sunday night was won by Billy Muir and Joyce Moss, but Joyce failed to draw an ace or king, so this Sunday it will be worth \$30.

marked by discussion groups and seminars; promotions and displays in libraries, schools, bookshops and regional shopping centres; and TV and radio promotion and newspaper publicity.

The N.S.W. Library Promotion Committee says that special emphasis is placed this year on the development of public libraries and related services.

In N.S.W. it is the responsibility of Local Government to provide public library services with assistance of the Library Board of N.S.W.

Due to the heavy financial problems currently existing in this State, which are clearly demonstrated in the field of Local Government, the committee is greatly concerned to ensure that provision of library services secures proper attention and support.
